Costa Rica is a nice place for nature.

By a Student | May 10, 2026 | Nature, Costa Rica, School Trip

Last week, my class went to a park in Costa Rica. There is a big volcano and a blue lake. There are tall trees and a small river. We saw birds in the rain forest.

My teacher said there are many parks in Costa Rica. Some parks have caves. Some have beaches and mountains. There is also a cloud forest and a dry forest.

My friend Ana likes the beach. I like the volcano. We asked, "Where is the best place?" Our teacher said, "All places are good."

It was a fun day. Costa Rica has many nice natural places to see.

Subject: My Plans for the Weekend

Hi Luis,

This week I'm thinking about my next trip to Costa Rica.

SAT

On Saturday, I want to go out with my family.

1 First, we will go to the supermarket near our home. My mom wants food for lunch.

2 Then we will go to the bank because my dad needs money.

3 After that, we want to eat at a small restaurant in Cartago.

My sister wants to go to the mall, but I want to go to the movie theater.

4 On Sunday, we will go to the park and the soccer field.

If we have time, we will visit the river near our town.

I like these places because they are good for my family.

See you soon!
